Sounds great.

We haven't had any recent discussions with the property owner, as we wanted to receive EPA input prior to having that discussion.

I'll look forward to speaking with you on Tuesday. Greg Kernosek from EnviroSolutions, who is also involved with this site, would like to join in the conversation.

Thank you,

Bill

No agenda. I thought we would talk about what land use restrictions are appropriate for the site and any recent discussions you have had with the owner. Also, how we move forward once we agree on the restrictions.

Hi Bob,

Do you have an agenda of items that you would like to discuss on Tuesday morning regarding the Premcor #823, Mt. Pleasant, MI site?

I just want to make sure that I am able to answer any questions that you may have at that time.

Thank you,

-Bill Karban
